Thursday July 6..... Travel Program

We will be showing your travelogues. Have you wanted to show more about a place than you can put in seven “Sequence” images? Do you want to tell people about the things you enjoyed photographing? Here is your chance. Please bring a travelogue of less than eight minutes length to the meeting Thursday, July 6th. This is just for fun, not a competition or rating. You can use as many images as you like, from 2 to all you can fit into eight minutes. You can narrate the slideshow to describe the images, the place, and the experience, or you can play your images in a Proshow-type show with music or over-voice narration. Any way you want to present the images.

Please bring your images or show files on a USB thumb-drive to transfer to the computer at the meeting. We will play them in the order we receive them at the meeting, or in the order you notify us that you are bringing a slideshow (send us an e-mail and you will be one of the first on the list).

We are looking forward to seeing what you have been enjoying in your travels.

Thank you, Glen Cunningham

Tuesday July 11General Competition

You may submit up to two images for each category; Open and Creative (Altered Reality). That’s a total of up to four images for the evening .

If you missed the April competition, you may submit make-ups for that competition only.

Send you images to

ARTIST’S STATEMENT:

I believe that experiencing the Earth’s beauty has the power to help nourish and unify us, both on a personal and global level. Through my photography I strive to translate these positive experiences into fine art prints. My goal is to contribute uplifting imagery to the world in a time when we are bombarded with so many negative and sensationalistic images. I hope my photographs help nurture a sense of hope and affection for the natural world. I believe that great fine art photographs are a gateway to a larger perspective about ourselves and the universe we inhabit.
