## Elizabeth Carmel

**Fine Art Photographer**

Elizabeth Carmel is a professional fine art photographer specializing in unique, expressive landscapes and “waterscapes”. She is the co-owner of the Carmel Galleries in Truckee and Calistoga, California. Elizabeth’s fine art prints combine dramatic photography, vivid colors, and artistic touches to create new, captivating visions of the natural world.

### Her programs

**35mm “Vs. Medium Format.**

**My path to becoming a full time landscape photographer / perspectives on the profession of fine art photography and gallery business.**

**Techniques for achieving maximum image quality during image capture and printing.**

#### ARTIST’S STATEMENT:

I believe that experiencing the Earth’s beauty has the power to help nourish and unify us, both on a personal and global level. Through my photography I strive to translate these positive experiences into fine art prints. My goal is to contribute uplifting imagery to the world in a time when we are bombarded with so many negative and sensationalistic images. I hope my photographs help nurture a sense of hope and affection for the natural world. I believe that great fine art photographs are a gateway to a larger perspective about ourselves and the universe we inhabit.
