	Carwash.....	12

ATTENTION PRINT DIVISION

December 4th is the last print competition of the year.

Along with your prints for the competition plan to also bring your end-of-year competition prints. For the end-of-year competition you may submit 2 prints from each division. These prints must have been entered in this year's print competition. They may have received any score.

You must also submit a jpeg of each print you are entering in the end-of-year competition. If you can't find the digital image source you can photograph your print. Crop the image so it looks just like the print with no mat frame showing. Size the jpegs as you would for digital competition and remember only 100 dpi.

Send your jpegs to Jan comeflywithme@sbcglobal.net

Members Enjoying the Auto Museum

Images by Jeanne Snyder

A big thank you goes out to Gary Cawood for organizing the Auto museum photography field trip in September. Thank you also to the Auto Museum staff who worked with our club in organizing and working the evening. Rumor is that those that attended had a terrific time. Remember to check out our Sierra Camera Club Facebook page and the Exploring Photography Meetup site for more field trip opportunities.

President's Message

Hello Sierra Camera Club Members. We are coming around the corner to some of our last competitions for the year. Get your images ready and don't forget any make-up photographs.

We had our board meeting a few weeks ago, the minutes are published for your review. Our next meeting will be held in November. If you would like to attend or have anything you would like addressed, please feel free to contact me or any of your board members.

We will have some openings on the board and need members to consider filling the spots. These are two year commitments for the 2015-2016 years. We need to fill the president, general division director and general division assistant positions

These positions will be voted upon at our general meeting in November. Please consider these volunteer opportunities or let us know if you have someone in mind.

Keep on clicking and hope to see you at our meetings in October!

Jeannie O'Brien, President

Summary of Board Meeting

1/20/2014

Nature Division

Due to new PSA guidelines, discussion was started on separating into 3 categories: Wildlife, Nature and Domestic. John will prepare a proposal for next meeting to further define this separation.

Travel Division

Auto museum was well attended and Gary is calling for images to give to the museum to use for their marketing purposes. Photographers will be credited with photos chosen. Gary will send a thank you to the staff.

Gary brought up the idea of using the PSA guidelines for travel and to add a category of people at work and play. He will develop a proposal better defining these changes and bring to next meeting.

Prints

Mike brought up the definition of Monochrome and this was discussed and debated. Mike will research via PSA to see how they define it and will bring back information to next Board meeting

Editor

Discussed whether to get new name badges, which are magnetic and reusable. Cost is roughly \$435 for 100. Gary will get further info and we will consider it again in the near future.

Webmaster

The club is still looking for a replacement for Paulo. Cheryl has been doing a great job and has entered winning photos etc. but needs someone who can take over the full responsibility. Kristian briefly looked into visionpursuits (VSP) and found that it is between \$220-320 a year, but they may not help us in the way we need. Kristian and Cheryl will work together to see if this service will meet our needs or not. There was a suggestion to have an assistant to the Webmaster to divide responsibilities. Cheryl asks that the 12's and 13's be sent to webmaster in timely fashion so they can be added to website.

Discussion on incorporating member galleries into the web site were discussed. Research will be done and discussion to resume at the next board meeting.

Meet-up

Cheryl has done a fantastic job for Jan in her absence and Jan is back 9/16/14. Next event is 9/27/14 at Rodeo Beach in SF.

Facebook

Cheryl initiated a discussion about opening up to non SSC members, our Facebook page vs. keeping it closed to only members. Security and pros and cons were discussed. Kathy motioned to open the page and was seconded by Cheryl. Majority approved it.

Projector

After testing many projectors, it was determined that the Epson 1980WU is the projector of choice based on image quality and price considerations. There was a motion (John, seconded by Mike) to bring a vote for the approval of spending for the projector (\$1495 approx.) before the general membership before the nature competition on 10/2/14. This was approved.

Constitution & Bi-Laws

It was discussed that in the by-laws the board is only allowed to spend no more that \$150 with out membership approval. Discussion was taken up that this is an outdated by-law and that there needs to be a revision of the by-laws. John volunteered to rewrite the by-laws and he made a motion to have the by-laws updated and brought before the board and membership for revision. It was seconded by Kathy and was approved by majority.

New Officers

A nominating committee is being formed and Glen Cunningham has agreed to head this committee to recruit members. Jeannie, Jeanne and Lynne will all be stepping down from their offices.
