## President’s Message

I can’t believe that June has passed so quickly. This is the time to get those wonderful early morning and early evening shots when the light is so nice. I heard that June 21st was the longest day of the year. So our summer days are already shortening? There are some nice spring and summer pictures posted on our Sierra Camera Club Facebook page. Be sure to sign up for that if you haven’t already and check out some of our members’ photographs. Maybe share some of your own photographs and perhaps join in on the conversations.

Thank you to Jeanne Snyder for arranging our Show and Tell program. It turned out to be quite a success! Congratulations to all who competed in the June Print and Nature competitions. There were quite a few beautiful images presented. A big thanks goes out to Randall Benton, photographer for the Sacramento Bee. He presented a terrific show on travel photography.

Upcoming competition will be in General category on Tuesday July 9th. We will also be having our brief general meeting at the start of the evening and will discuss any present or upcoming plans for the club.

Final note, we have an open spot for the Secretary position on the board, so please consider this position or help us in the search. There is only one meeting this month which leaves more time to prepare for the upcoming meetings. So keep on clicking, keep on editing and keep on sharing!

Best wishes, Jeannie O’Brien
